OBJECT DESCRIPTION

Large rectangular wood printing block with a metal etching on top. The etching contains lots of Greek writing. It appears to be in the format of a table of contents. There is a heading of sorts, which is written in larger writing. Underneath that is smaller writing which is separated by many periods. The wood block itself is slightly dirty. In the top right corner it is slightly chipped.

ORIGIN

Donated by John Damianos. The printing block was used in a linotype printing machine. Linotype presses allowed for the casting of entire lines to be printed at a time. Linotype printing was eventually succeeded by lithograph printing and computer typesetting during the 1960's and 1970's. This printing block was used by the Chicago-based, Greek Art Printing Company that was owned and operated by Aristotle Damianos. The Greek Art Printing Company was responsible for the printing of a wide range of materials, including wedding invitations, invoices, flyers, programs, letterhead, etc., for Greek businesses, organizations, institutions, and individuals in the Chicago area, and elsewhere.
