

OBJECT ID	F2014.169
OBJECT NAME	Scarf
MATERIAL	Cotton; Metal
ACCESS POINTS	floral gold Metal Personal Artifacts Scarf

OBJECT DESCRIPTION

Large, square scarf. Beige in color, the scarf is void of any design, minus in each corner. In each there are is a gold embroidery, which is done by using a bendable metal material. The design itself is multiple sections of curling stems which are adorned with flowers and leaves. The design is about five and a half inches large and due to the material used to create it, no matter what side you are looking at, the design is seen the same.

There is some staining to the scarf and the coloring of the gold is tarnishing.
