

OBJECT ID	F2016.145
OBJECT NAME	Pan, Baking
MEASUREMENTS	5.2400200000 cm. H x 30.1625 cm. W, Item (Overall)
MATERIAL	Metal
ACCESS POINTS	Metal Pan Round

#### OBJECT DESCRIPTION

Circular pan that could have been used for baking. The bottom of the pan is copper colored, with a few black spots. The sides and inside of the pan are grey. The pan has fairly thin walls and four circles on the bottom, with the copper showing through in some places. The bottom of the pan has been dented outwards.

#### ORIGIN

This pan appears to have been used for cooking of some sort, though no accession file could be found.
