OBJECT DESCRIPTION

A black and white photograph depicting three people on a road, two are walking and the other is riding on a cart being pulled by a donkey (?). To the left of the road is a building with trees and two people in front of it (one person appears to be standing next to a cart). Trees are also in the background.

ORIGIN

From donor: Near Etolikon, about 11 km from Messo-longhi on the road to Agrinion. The picture shows a rice mill by the high way, close to transportation. The pile on the left is made up of rice shells. Walking up to the camera are my guide Kokkinides and chauffer. Note the man with the push car. He sells EVGA ice cream made in Athens, which is shipped by refrigerator tracks to all parts of Greece. This is a post-war development.
