

OBJECT ID	F2014.81
OBJECT NAME	Photograph
ACCESS POINTS	black and white kodak Photographic Print Signs store

OBJECT DESCRIPTION

Overhead photograph of a crowded store, likely in America judging by the signs which are in English. There are towering pyramids of cans off to the left and the right side seems to have some sort of bar, as there are servers lined up to assist customers. There are some people who look up and meet the gaze of the camera. The photo is in black and white and has "This Paper Manufactured By Kodak" printed on the back as a watermark several times. It is likely that this is a copy of the original print.
