OBJECT DESCRIPTION

A white, textured linen towel decorated with green and white geometric, leafy designs on one end. At the same end of the towel there is white crocheted, intricate lace.

ORIGIN

Donated by Dianne Nickols Sotos. The origin of the towel is unknown but it is reminiscent of Greek architecture, the white of the towel is like marble and the green leafy pattern is very similar to the capital column design.

CITATION

Towel, Hand, July 18, 2001, *National Hellenic Museum*, <https://collections.nationalhellenicmuseum.org/Detail/objects/>. Accessed 06/15/26.
