ACCESS POINTS	Candy Chocolate Chocolate molds Eggs Molds (Cookware)

OBJECT DESCRIPTION

A metal candy mold. The mold is shaped like half an egg. The back is open and has a flat brim all the way around. Stamped on the rim is the number "12", the words "Made in U.S.A.", and an image of a small top with an "E" on it and the words "Trade Mark" around it.

ORIGIN

This item was likely used as a mold for chocolate eggs. It is unknown where the item came from.
