Postcards

## OBJECT DESCRIPTION

The front is a scene of the Galata Bridge in Istanbul. There are many ships docked and people walking along the boardwalk. Two street cars are going down the center of the boardwalk. In the background are many buildings including the Galata Tower, which sticks out for being the tallest. At the bottom of the card reads 'Istanbul, Galata koprusu- Le pont du cote de Stamboul'. The back has a message written in Greek.
